233b	JOHN LENNON ORIGINAL SUIT FOR A HARD DAYS NIGHT This suit was given to a friend of Dougie's by the name of Billy Shears (a musician himself who played in a Beatles tribute band). The pair became very good friends when Billy contacted Dougie to request him to make some suits for him in the Beatles style. A number of years passed with them becoming good friends when Dougie visited Billy one day and presented him with the suit. Dougie had kept the suit at his shop for more than 30 years before giving it to Billy. Billy has kept the suit ever since (wearing it a couple of times) and it is still in great condition. It is not known if John ever actually wore this suit but he was certainly measured for it and it was created by Dougie for this legendary film.
